

Muni- Meter Laws you ought to know before Parking in NYC

New York Parking Ticket LLC

5-Minute Grace Period

Walking to and from a Muni- Meter

You have 5 minutes after you park your car to walk to :

- Walk to the muni- meter
- Purchase time
- Return to your car
- Display the paid receipt on your dashboard

5-Minute Grace Period

After time is up

- > You have 5 minutes after time expires to move your car

Under the new law, a parking ticket judge is required to dismiss your parking ticket, if

"...a valid muni-meter receipt with an official start time stamp and such start time is no later than five minutes after the time of the issuance of such notice, or other suitable evidence as determined by the hearing officer that such a receipt was purchased, shall be an affirmative defense to such a violation."

Receipt

Transferring Muni-Meter Time

You can transfer the unused time, if:

The parking meter rate at such parking space is the same as or less than the rate at the location where such parking time was purchased;

Your vehicle is not parked at such parking space in excess of the maximum amount of time parking is authorized at such parking space as indicated on posted signs. For purposes of this paragraph, the length of time a vehicle is parked at a parking space shall be calculated from the time such parking time was purchased, as indicated on the muni-meter receipt

Parking at a Broken Muni- Meter

Parking is permitted for free at a broken muni- meter as long as there are no other working muni- meters in a parking field. Clear as the nose on your face, right?! Well, maybe not. What is the meaning of a "parking field?"

It means a driver is required to check all the muni- meters on both sides of a block for an operational meter.

THANK YOU
